

100 HORSES

By Diane Comeau

THE LIST has meant a lot to me throughout the years. I had started the THE LIST when I was about 14 years old. The goal was to reach 100 English horses, Arabian, Half-Arabian or Saddlebred, within my lifetime. At first, I thought it was absolutely unrealistic! But it turns out that the goals that you set that seem impossible to achieve, are the ones that make you feel the best when they are achieved.

When I was 15, I realized that 100 would be very much achievable ... so the goal was changed to 100 English horses BEFORE I was an adult. I came across some amazing opportunities to ride at ChirShan Park, Rooker Training, Jackson Place, Millarcom Ventures and Clover Leaf Stables. Rooker Training (Shawn and Carmelle) really boosted my confidence to just get on and 'make it happen.' Carla Jackson's lessons at home, have and still are teaching me patience, refinement and horsemanship, all of which were instrumental in why THE LIST grew so fast from my time at Rookers! I was always willing to get on anything that trotted, I asked a lot of questions, and hung on tight. My parents were always extremely supportive of the learning process, so Rookers became my home away from home during my youth years. I reached my goal when I was 17 years old, and today THE LIST is still growing.

It has meant a lot to me because it's a constant reminder to go for the big goals! Also because I'm SO appreciative of the people and the VILLAGE that gave me the tools to help THE LIST grows.

Some of the horses on the list include GTF Beetlejuice, Halsteads Pretty Boy, LBC Isabeaux, Gotta Wear Shades, and Clout. The complete list is below.

- | | | |
|------------------------|----------------------|--------------------------|
| 1. Riverdanz | 26. Brass G | 51. One Eye Love |
| 2. Balystik * | 27. GTF Beetlejuice | 52. Heartwood |
